Investors Hub

Established in 2000, iHub has come to dominate the financial message board arena and is now one of the most popular financial message board destinations in the world (Source: Alexa); receiving approximately 25,000 posts a day and 60 million page impressions a month.

Users of the site are predominantly interested in more speculative stocks, small- and micro-cap companies and Pink Sheets stocks but there is also a strong focus on portfolio-management philosophies amongst posters.

Investors Hub has been online for over 8 years and currently has over 125,088 Members who have posted over 29,462,970 Messages on over 10,795 Boards. Our Members currently write an average of more than 25,000 new Messages per trading day.

TAPIMMUNE Core Technology

STOCK spotlight
These companies are actively promoting recent or forthcoming announcements

TAPIMMUNE (OTCBB: TPIM) The company's lead product, the TAP vaccine performs a key step in moving characteristic markers called antigens to the surfaces of cells. Without TAP, there are no cancer markers, so the immune system fails to spot the rogue cells and the cancerous cells can grow undetected. The Company's vaccine has shown effective restoration of TAP which restores and segments the market (antigen) presentation and subsequent recognition and killing of cancer cells by the immune system. Tapimmune Core Technology

Tapimmune is leading the market in the product development of TAP vaccines taking a key step forward in moving characteristic markers called antigens to the surfaces of cells, vital in the fight creation of a new generation of cancer treatments.

Tapimmune (OTCBB: TPIM) The company's lead product, the TAP vaccine performs a key step in moving characteristic markers called antigens to the surfaces of cells. Without TAP, there are no cancer markers, so the immune system fails to spot the rogue cells and the cancerous cells can grow undetected. The Company's vaccine has shown effective restoration of TAP which restores and augments the marker (antigen) presentation and subsequent recognition and killing of cancer cells by the immune system.

USBB: TPIM	Tapimmune Inc	05/06/2008
Tapimmune Inc. Rated 'Speculative Buy,' Target Price \$0.85 by Beacon Equity Research		
Tapimmune Inc. (OTCBB: TPIM) has been rated Speculative Buy with a price target of \$0.85 by Beacon Equity Research Analyst, Victor Sula, Ph.D.		
In the report, the analyst writes, "The Company recently received positive news from the U.S. Patent office regarding key follow on patents and has also filed additional patent applications that further strengthen and expand its IP portfolio. ...

The screenshot shows the InvestorHub website interface. At the top, there's a navigation bar with 'investorshub' logo and 'Investor Relations Media Pack'. Below that, a search bar and filters are visible. The main content area displays a 'STOCK spotlight' section with a table of news items. The first item is highlighted in blue, indicating it's a sponsored article. The table columns are Date, Time, Source, Headline, Symbol, and Company. The highlighted row is for TAPIMMUNE, with the headline 'COMEDY CENTRAL (nR) The Daily Show With Jon Stewart Taps Wyatt Corp. as the New Correspondent to Join the Best of America News Te'. The symbol is NYSE:VIA and the company is Viacom (New). To the right of the table, there's a sidebar with a TAPIMMUNE logo and the text 'Patented TAP Technology' and 'OTCBB:TPIM'. A vertical line points from the 'Subject Line of Press release' text to the headline of the highlighted article. Another line points from the 'Symbol' text to the 'NYSE:VIA' symbol in the table. A third line points from the 'Link to company Profile page' text to the 'Viacom (New)' company name in the table.
