Chairman's Statement

On-line plc (On-line) remained steady over the past 12 months, we have worked with ADVFN plc (ADVFN) of which we have a holding of 17.98%. On-line is the largest shareholder and the Company works closely with ADVFN to ensure its success, which the Directors of the Company hope will, in time, be of great benefit to shareholders as ADVFN makes progress in the financial data market. We intend to carry this on but now the time is right for us to begin developing new opportunities. Blockchain is an exciting area. As announced on the 26th of October we intend to change the company's name to On-line Blockchain Plc.

We have worked as an incubator and investor in internet and information businesses and the Company is always on the look out for places to apply its long-established expertise. The Company has been focusing for some time on blockchain technology where On-line's links with ADVFN provide an opportunity for both, with ADVFN offering instant access to a huge audience and On-line's blockchain platform offers it an opportunity to broaden its monetisation. On-line Blockchain's development will initially dovetail into the ADVFN audience, offering both companies revenue streams and On-line Blockchain a reference site for its platform.

Shareholders should note that while the Company has identified the initial product, the Company's development of a blockchain product is still at an early stage of development, and its current plans envisage that the first application will be tested early in 2018.

The Company's turnover for the year was £98,000 (2016: £85,000) giving a profit before tax of £18,000 (2016: profit of £12,000).

The Company's financial performance for the year and Key Performance Indicators are analysed in the Strategic Report.

EXTRACT FROM THE ADVFN plc CHIEF EXECUTIVE'S REPORT

As covered in previous statements, the 2016 financial year had been a transformational year with a change in the long term strategy of the Company from international growth to consolidation of the existing business. We had also reported that cash burn and losses were almost unavoidable with the sort of investment programs the Company had undertaken in the past. The ADVFN board believed that the UK stock market did not favour a strategy of further investment, so the Company had changed direction during the course of the last financial year in order to avoid needing to raise further funding and to instead produce profits and cash flow.

As a result of a focus on profits rather than growth, we have pulled back from investment and have continued to strive for profitability. Whilst this has crimped our ability to grow, we have made good progress on the bottom line.

We remain however in a complex and difficult marketplace which constantly brings new challenges whether we look for them or not. This business environment continues to change rapidly and we have kept a pace with it from the agility of the ADVFN team.

The operating loss of the past (£650,000 in 2016) has now become a profit of £47,000, a solid improvement. Sales are at a similar level to 2016 at £8,186,000 (£8,303,000 in 2016) and this is a strong result in the circumstances.

Advertising and subscription sales have waxed and waned and we have been able to make up for developing weaknesses with new products, price rises and other innovations.

While our performance has been satisfactory, looking ahead, the strengthening of the Sterling, which has occurred since the year end could potentially be a significant drag on us if the US dollar does not appreciate alongside the Sterling, which currently it is not.

EXTRACT FROM THE ADVFN plc STRATEGIC REPORT

Summary of key performance indicators

	2017 Actual	2017 Target	2016 Actual	2016 Target
Turnover	£8.2M	£8.0M	£8.3M	£8.0M
Average head count	32	35	37	37
ADVFN registered users	4.0M	3.8M	3.5M	3.3M

Turnover – is of vital importance as it gives the sales department a goal and measures the financial success of the Group's services.

Head count - is a very significant part of the costs of the company and is fixed as an overhead. It provides a good indicator when taken against the revenue figure for the efficiency of the business. Talented people are a vital part of the business.

Registered users - give us an accurate indication of our audience pool and the potential available for marketing our service.

It is clear that our small reduction in headcount has been accompanied by a rise in both registered users and turnover. Our conclusion is that we are becoming more productive and by reducing our single largest cost, potentially more profitable. This is a fine line to tread and we will not compromise on the quality of our staff. For the future, any new products could have a ready market in our increasing number of users.

On-line plc

Strategic Report

The strategy for the Company remains that of an incubator and investor in internet and information businesses. Currently the single investment held by the Company is that of a holding of 17.98% in ADVFN plc.

As an incubator and investor in internet and information businesses On-line plc is always looking for further opportunities and should they present themselves the Directors will investigate them appropriately. In the meantime, On-line plc will continue to work with ADVFN to help them develop and build their business whose growth and potential profitability will directly benefit the Company.

Principal risks and uncertainties

The management of the Company and the nature of the Company's strategy are subject to a number of risks. The directors have set out below the principal risks facing the business. The directors are of the opinion that a thorough risk management process is adopted which involves the formal review of all the risks identified below. Where possible, processes are in place to monitor and mitigate such risks.

Single investment

The Company has a single investment which can provide economic benefits to the Company; this places a reliance on the performance of the investee which is high risk. The directors see the close working relationship with ADVFN as well as the search for additional investments and the building of an investment portfolio in the long term as necessary mitigating activities. However, the prospects for ADVFN are currently very positive. The results in the extract above demonstrate a steadily improving performance in ADVFN and control of costs continues to support a better bottom line.

Economic downturn

The success of the world's stock markets might affect the business given the sector our investment operates in. Many things around the world can affect a stock market from war to human error. This can also have a knock on effect to consumer spending power as has been seen with the recent credit crunch around the world, although in the past when we have seen a market downturn this has not impacted on usage of ADVFN, with customers generally wanting to know what is happening in the markets, be it good or bad. In response to this potential risk, senior management aim to keep abreast of economic conditions around the world; not only should senior management be aware of it, likewise so should our customers and members. In cases of severe economic downturn, marketing and pricing strategies are modified to reflect the new market conditions. The 'Brexit' negotiations have created a noticeable air of uncertainty in the markets and whilst the US Dollar and Euro exchange rates have improved since the aftermath of the referendum there is still a lack of confidence and a risk of volatility.

High proportion of fixed overheads

A large proportion of the Company's overheads are reasonably fixed. There is the risk that any significant changes in revenue may lead to the inability to cover such costs. Management closely monitor fixed overheads against budget on a monthly basis and should they prove necessary, cost saving exercises will be implemented.

Performance

The performance of the Company is reliant on the performance of ADVFN plc. The Company supplies management services and makes advertising recharges to ADVFN which forms the turnover of the Company. As a result of this reliance the extract of the ADVFN accounts above will give necessary information and background on the factors affecting the performance of the Company.

The following financial KPIs may prove helpful:

	2017 Actual	2017 Target	2016 Actual	2016 Target
Turnover (£'000)	98	90	85	85
Operating results (£'000)	18	12	12	0

Strategic Report (continued)

Performance (continued)

Financial KPIs

The financial indicators are designed to offer a dashboard check of the significant measures of the company's operations. The turnover has reached the gradually increasing target whilst the operating results and EPS demonstrate that costs are being controlled and profits earned.

The company does not currently monitor non-financial KPI's and will do so when they can offer additional clarity to the financial performance measures.

Operating costs

Our costs remain reasonably fixed and predictable and we do not see that changing in the immediate future. They are firmly under control and we hope this will allow the generation of profits in the future.

Research and development

We believe in trying to get the best from all areas that we work in. It is very important that On-line and ADVFN continue to invest in the quality and design of our products. We believe continued investment in our research and development is fundamental to the continuing growth of the business.

Environmental policy

This has always been important to the Company and as a whole we continue to look for ways to develop our environmental policy. It is our objective to improve our performance in this area. We have a very small foot print and try to reduce any waste we create; we are a small team which makes this task easier. Most of our communications are electronic which again cuts our use of non-environmentally friendly products.

Future developments for the business

We feel it is right for us to work with our investment and assist it with its growth. This has seen it increase its business and allow new areas to be explored. The prospect of ADVFN continuing to grow in the medium term provides the incentive to go on concentrating on this business in the immediate future. Should other investment opportunities present themselves the Directors will investigate them appropriately.

Report of the directors (continued)

Statement of directors' responsibilities

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable laws) specifically under FRS 102 'The financial reporting standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs and profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently
- make judgments and estimates that are reasonable and prudent
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors confirm that:

- so far as each of the directors is aware there is no relevant audit information of which the Company's auditor is unaware; and
- the directors have taken all steps that they ought to have taken as directors to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Auditor

In accordance with section 489(4) of the Companies Act 2006, a resolution proposing the reappointment of Grant Thornton UK LLP will be put to the members at the forthcoming Annual General Meeting.

Approved and signed on behalf of the directors on 9 November 2017,

Michael Hodges

On-line plc

Independent auditor's report to the members of On-Line Plc

Opinion

Our opinion on the financial statements is unmodified

We have audited the financial statements of On-Line plc for the year ended 30 June 2017, which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Equity, the Statement of Cashflows, the summary of significant accounting policies and notes to the financial statements. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard (FRS) 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 June 2017 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard as applied to listed entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Who we are reporting to

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Overview of our audit approach

- Overall materiality: £10,000, which represents 1% of the company's total assets
- Key audit matters were identified as revenue recognition
- We performed full scope audit procedures at the company's operating location in the United Kingdom.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) that we identified. These matters included those that had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter

How the matter was addressed in the audit

Revenue recognition

The revenue of the Company is a measure of its financial performance during the financial year.

The revenue of the Company is derived from the supply of management services and making advertising recharges to ADVFN plc, the main investment made by the Company. The revenue is recognised as the service is provided.

Due to the significance of revenue as a measure of the Company's performance during the year, we identified revenue recognition as a significant risk, which was one of the most significant assessed risks of material misstatement.

Our audit work included, but was not restricted to:

- considering the appropriateness of the Company's revenue recognition policy in light of the requirements of FRS 102 and testing its consistent application; and
- for all revenue transactions of the Company, ascertaining the occurrence of each item through verification to source documentation pertaining to the validity of the sale and the date at which the service was delivered to the customer.

The company's accounting policy on revenue recognition is shown in the summary of significant accounting policies on page 18 of the financial statements and related disclosures are included in note 1.

Key observations

Our procedures, as set out above, did not identify any material misstatement in respect of revenue recognised by the Company during the year.

On-line plc

Our application of materiality

We define materiality as the magnitude of misstatement in the financial statements that makes it probable that the economic decisions of a reasonably knowledgeable person would be changed or influenced. We use materiality in determining the nature, timing and extent of our work and in evaluating the results of that work.

We determined materiality for the audit of the financial statements as a whole to be £10,000, which is 1% of the company's total assets. This benchmark is considered the most appropriate because the company's primary focus is the holding of its investment.

Materiality for the current year is the higher than the level that we determined for the year ended 30 June 2016 as although total assets have reduced this year, we increased the measurement percentage from 0.9% to 1% of total assets.

We use a different level of materiality, performance materiality, to drive the extent of our testing and this was set at 75% of financial statement materiality.

We also determine a lower level of specific materiality for certain areas such as directors' remuneration and related party transactions.

We determined the threshold at which we will communicate misstatements to the audit committee to be £500. In addition, we will communicate misstatements below that threshold that, in our view, warrant reporting on qualitative grounds.

An overview of the scope of our audit

Our audit approach was a risk-based approach founded on a thorough understanding of the company's business, its environment and risk profile and in particular included:

- undertaking a planning visit in September 2017 to evaluate the company's internal control environment, performing an evaluation of the design effectiveness of controls over key financial statement risk areas identified as part of our audit risk assessment and selecting certain transactions on sample basis to test during our procedures at the final audit stage; and
- performing full scope audit procedures on the financial statements of the company.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report set out on pages 4 to 10, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Our opinion on other matters prescribed by the Companies Act 2006 is unmodified

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matter on which we are required to report under the Companies Act 2006

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors for the financial statements

As explained more fully in the Statement of directors' responsibilities set out on page 9, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

On-line is the largest shareholder and the Company works closely with ADVFN to ensure its success, which in time will be of great benefit to us as it makes progress in the financial data market.

The Company is a public limited company which is quoted on the Alternative Investment Market of the London Stock Exchange and is incorporated and domiciled in the UK. The address of the registered office is Suite 27, Essex Technology Centre, The Gables, Fyfield Road, Ongar, Essex, CM5 0GA.

Company number: 03203042 (England & Wales)

Basis of preparation

The financial statements have been prepared in accordance with applicable United Kingdom accounting standards, including Financial Reporting Standard 102 – 'The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland' (FRS 102), and with the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The principal accounting policies are set out below.

The financial statements are presented in Sterling (£) rounded to the nearest thousand except where specified.

Going concern

The financial statements have been prepared on the going concern basis which assumes the Company will continue in existence for the foreseeable future. The Company has an agreed borrowing facility of £50,000 which at the year end was not utilised.

Should the Company need to improve its cash position it could liquidate some of its investment in ADVFN, however, it does not anticipate this being necessary. In addition, the Company had amounts due to it from ADVFN plc amounting to £119,000 (2016: £155,000).

No material uncertainties that cast significant doubt about the ability of the Company to continue as a going concern have been identified by the directors. Accordingly, the directors believe it is appropriate for the financial statements to be prepared on the going concern basis.

Income and expense recognition

Revenue is the fair value of the total amount receivable by the Company for supplies of products as principal and for services. VAT or similar local taxes and trade discounts are excluded.

The revenue of the Company is derived from the supply of management services and making advertising recharges to ADVFN plc, the main investment made by the Company. The revenue is recognised as the service is provided. Turnover is the total amount receivable in the ordinary course of business for these recharged services and services purchased on their behalf, excluding VAT. Turnover is recognised when the service has been supplied so the contractual obligations are met and a right to consideration is earned.

Interest income and expenditure are reported on an accruals basis. Operating expenses are recognised in the income statement upon utilisation of the service or at the date of their origin.

Summary of Significant Accounting Policies (continued)

Financial assets

Financial assets consist of loans and receivables. Financial assets are assigned to their different categories by management on initial recognition, depending on the characteristics of the asset.

- Investments

Equity investments classed as associates are held at cost less any accumulated impairment losses.

- Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default in payments are considered indicators that a trade receivable is impaired. The amount of the provision is the difference between the assets carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account, and the amount of the loss is recognised in the income statement within administrative expenses. When a trade receivable is uncollectible it is written off against the allowance account for trade receivables. Subsequent recoveries of amounts previously written off are credited against administrative expenses in the income statement.

Financial liabilities

The Company's financial liabilities include trade and other payables.

Financial liabilities are recognised when the Company becomes a party to the contractual agreements of the instrument. All interest related charges are recognised as an expense in the income statement.

Trade payables are recognised initially at their fair value, net of transaction costs and subsequently measured at amortised costs less settlement payments.

Current tax is recognised for the amount of income tax payable in respect of the taxable profit for the current or past reporting periods using the tax rates and laws that that have been enacted or substantively enacted by the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date, except as otherwise indicated.

Deferred tax assets are only recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

If and when all conditions for retaining tax allowances for the cost of a fixed asset have been met, the deferred tax is reversed.

Deferred tax is recognised when income or expenses from an associate have been recognised, and will be assessed for tax in a future period, except where:

- the group is able to control the reversal of the timing difference; and
- it is probable that the timing difference will not reverse in the foreseeable future.

A deferred tax liability or asset is recognised for the additional tax that will be paid or avoided in respect of assets and liabilities that are recognised in a business combination. The amount attributed to goodwill is adjusted by the amount of deferred tax recognised.

Deferred tax is calculated using the tax rates and laws that that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

With the exception of changes arising on the initial recognition of a business combination, the tax expense (income) is presented either in profit or loss, other comprehensive income or equity depending on the transaction that resulted in the tax expense (income).

On-line plc

Summary of Significant Accounting Policies (continued)

Deferred tax liabilities are presented within provisions for liabilities and deferred tax assets within debtors. Deferred tax assets and deferred tax liabilities are offset only if:

- the group has a legally enforceable right to set off current tax assets against current tax liabilities, and
- the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously.

Equity

Equity comprises the following elements:

- Share capital

Ordinary shares are classified as equity. The nominal value of shares is included in issued capital.

- Share premium

The share premium account represents the excess over nominal value of the fair value of consideration received for equity shares, net of the expenses of the share issue.

- Share based payment reserve

The share based payment reserve represents equity settled share based employee remuneration until such share options are exercised.

- Retained earnings

The retained earnings include all current and prior period results for the Company as determined by the income statement.

Share based payments

The Company has recognised a charge to the profit and loss account for all applicable share based payments, including share options. The Company has equity-settled share based payments but no cash-settled share based payments. All share based payments awards granted after 7 November 2002 which had not vested prior to 1 July 2006 are recognised in the financial statements at their fair value at the date of grant.

As vesting periods and non-market based vesting conditions apply, the expense is allocated over the vesting period, based on the best available estimate of share options expected to vest. Estimates are revised subsequently if there is any indication that the number of share options expected to vest differs from previous estimates. Any cumulative adjustment prior to vesting is recognised in the current period. All equity-settled share based payments are ultimately recognised as an expense in the profit and loss account with a corresponding credit to the option valuation reserve.

Where modifications are made to the vesting or lapse dates of options, charges relating to the original option conditions are amended as necessary to reflect the change; any additional fair value created by the modification is expensed over the remaining vesting period.

Use of key accounting estimates and judgements

Many of the amounts included in the financial statements involve the use of judgement and/or estimation. These judgements and estimates are based on management's best knowledge of the relevant facts and circumstances, having regard to prior experience, but actual results may differ from the amounts included in the financial statements. Information about such judgements and estimates is contained in the accounting policies and/or the notes to the financial statements and the key areas are summarised below:

Judgements in applying accounting policies

- The directors have used their judgement to decide whether the Company should be treated as a going concern and whether it will be able to continue in existence for the foreseeable future. Directors must consider the latest forecasts, together with the cash resources, if any, available to them. The Company carries a significant receivable from the related party ADVFN together with a significant investment in the shares of the same company and therefore the directors have judged that it is appropriate for the financial statements to be prepared on the going concern basis.
- The Directors must consider whether the investment in ADVFN gives sufficient influence over the investee so as to require the investee to be considered an associate. The Directors consider that such influence exists and therefore ADVFN is considered an associate of the company.

Key assumptions and estimation uncertainty

- The Company uses estimation techniques to value the options which are granted to management. The technique is based on the results of the Black-Sholes model and requires inputs to calculate the value. The directors estimate the value of the inputs based on historical data and market experience.

Notes to the Financial Statements for the year ended 30 June 2017

1. Revenue and profit before taxation

The revenue and profit before taxation are attributable to management charges and recharged advertising costs. All turnover originated in the UK. As a result, the directors regard this as a single segment for reporting purposes.

2. Operating profit

Operating profit is arrived at after charging the following items:

	2017 £'000	2016 £'000
Fees payable to the Company's auditor for the audit of the Company's annual accounts	11	9
Fees payable to the Company's auditor for other services:		
All other assurance services	15	15
Tax compliance services	2	2
	<u>2</u>	<u>2</u>

3. Staff numbers and costs

The average monthly number of persons (comprising the directors) employed by the Company during the year was 3 (2016: 3). The directors received no salary or bonus in the year to 30 June 2017 (2016: £nil) but hold share options as detailed in note 13.

4. Taxation

There is no tax charge or credit for the period.

The tax can be reconciled as follows:

	2017 £'000	2016 £'000
Profit on ordinary activities before tax	<u>18</u>	<u>12</u>
Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 19.75% (2016: 20.08%)	4	2
Effect of:		
Expenses not deductible	-	1
Adjust closing deferred tax to average rate of 17%	41	76
Deferred tax not recognised	<u>(45)</u>	<u>(79)</u>
Tax on profit on ordinary activities before tax	<u>-</u>	<u>-</u>

The Company has unused trading losses and management expenses of approximately £3,791,000 (2016: £3,809,000) to carry forward against profits of the same trade which will be recovered once the Company makes a profit.

On-line plc

Notes to the Financial Statements for the year ended 30 June 2017

4. Taxation (continued)

Deferred taxation

Deferred taxation not provided for in the financial statements is set out below. The amounts are calculated using tax rates of 17.00% (2016: 18.00%).

	2017 £'000	2016 £'000
Accelerated capital allowances	-	(1)
Trading losses	(645)	(685)
	<u>(645)</u>	<u>(686)</u>

The tax losses are available to carry forward against future taxable profits of the same trade. No provision has been included in the financial statements as there is insufficient evidence at the balance sheet date that the losses will be utilised in the future.

5. Earnings per share

	2017 Loss £'000	2017 Number of shares '000	Earnings per share p	2016 Loss £'000	2016 Number of shares '000	Earnings per share p
Basic earnings per share

Weighted average number of shares		<u>7,662</u>			<u>7,791</u>	
Diluted earnings/(loss) per share			<u>0.24 p</u>			<u>0.15 p</u>

Where a profit has been recorded but the average share price for the year remains under the exercise price the existence of options is not dilutive at 30 June 2017.

The Company owns 17.98% (2016: 18.05%) of ADVFN plc (ADVFN) which is incorporated in England and Wales and its principal activity is the development and provision of financial information, primarily via the internet, research services and the development and exploitation of ancillary internet sites. The aggregate share capital and reserves of ADVFN, prepared under FRS 102, at 30 June 2017 was £756,000 (2016: £704,000) and its profit for the year then ended was £244,000 (2016: loss of £478,000).

The investment in ADVFN plc is treated for the purposes of financial reporting as an associate due to the common directorships held between ADVFN plc and On-line plc and the resulting level of significant influence over the associate.

Were the Company required to prepare consolidated financial statements and equity account for its associated undertaking, the Company's interest in its associated undertaking and its share of its profits for the year would have been as follows:

11. Financial risk management

The Company uses financial instruments, comprising cash balances and bank overdrafts, investments, debtors and trade creditors that arise directly from its operations. The main purpose of these financial instruments is to provide finance for the Company's operations. The fair value of the financial assets and liabilities (except for fixed asset investments which are held at cost) is not significantly different to the amount included in the financial statements. The Company had no borrowings or foreign currency exposure and has no significant financial risk to manage.

Short term debtors and creditors have been excluded from all disclosures.

Liquidity risk

Liquidity risk is the risk that the Company will have insufficient funds to meet its liabilities as they fall due. The directors monitor cash flow on a daily basis and at monthly board meetings in the context of their expectations for the business to ensure sufficient liquidity is available to meet foreseeable needs. Trade and other creditors and accruals amounted to £37,000 (2016: £32,000) and the bank balance stood at £2,000 (2016: overdraft of £55,000) at the year end. Where required, the Company funds operating losses through periodic share issues or sales of its investments to raise cash.

On-line plc

Notes to the Financial Statements for the year ended 30 June 2017

Financial risk management (continued)

Interest rate risk

The directors do not consider that the business is exposed to material interest rate risk. The Company finances its operations through cash reserves and bank overdraft facilities. The bank overdraft facility available to the Company during the year means there is no need to use interest bearing borrowings.

Price risk

The Company holds an investment of 17.98% of the share capital of ADVFN plc which is traded on the Alternative Investment Market. The share price of this investment will fluctuate and the variation in the year was 30.50p to 19.50p (2016: 127.50p to 19.50p).

Borrowing facilities

Committed overdraft facilities of £50,000 are available to the Company and at 30 June 2017 the overdraft facility had not been utilised (2016: overdraft of £55,000). The facilities are repayable on demand and are renewed annually in November.

12. Issued share capital

	2017 Number	2016 Number	2017 £'000	2016 £'000
Allotted, called up and fully paid				
Ordinary shares of 5p each	7,662,348	7,662,348	383	383
Deferred shares of 45p	6,352,539	6,352,539	2,859	2,859
	<u>14,014,887</u>	<u>14,014,887</u>	<u>3,242</u>	<u>3,242</u>

The Deferred Shares do not entitle the holders thereof to receive any dividend or other distribution nor to receive notice of or to attend or vote at any General Meeting of the Company. On a return of capital on a winding up the holders of Deferred Shares are only entitled to receive the amount paid up on such shares after the holders of the Ordinary Shares have received the sum of £100,000 for each Ordinary Share held by them and shall have no other right to participate in the assets of the Company.

On-line plc

Notes to the Financial Statements for the year ended 30 June 2017

13. Share-based payments

Equity-settled share-based payments

The Company has a share option scheme for directors. Options are exercisable at a price set at the date of grant. The options vest immediately on grant except where re-dated; in which case the date of vesting was deferred until the 2 September 2015 and in consequence the date of lapse until 1 September 2022. The options are settled in equity once exercised. If the options remain unexercised after a period of 7 years from the date of grant, the options expire.

The fair value of options granted after 7 November 2002 has been arrived at using the Black-Scholes model. The assumptions inherent in the use of this model are as follows:

- the option life is assumed to be at the end of the allowed life
- There are no vesting conditions which apply to the share options
- No variables change during the life of the option (e.g. dividend yield must be zero)
- Volatility has been calculated over the 3 years prior to the grant date by reference to the daily share price.

Details of the number of share options and the weighted average exercise price (WAEP) outstanding during the year are as follows:

	2017 WAEP		2016 WAEP	
	No	p	No	p
Outstanding at the beginning of the year	450,000	20.00	450,000	20.00
Lapsed in the year	-	-	-	-
Outstanding at end of the year	<u>450,000</u>	<u>20.00</u>	<u>450,000</u>	<u>20.00</u>
Exercisable at the year end	<u>450,000</u>	<u>20.00</u>	<u>450,000</u>	<u>20.00</u>

The share options outstanding at the end of the year have a weighted average remaining contractual life of 5 years (2016: 6 years) and have the following exercise prices:

Expiry date	Exercise price p	2017 No	2016 No
1 September 2022	20.00	<u>450,000</u>	<u>450,000</u>

The charge for the year in the profit and loss account was £nil (2016: £1,000). No options were exercised during the year.

14. Related party transactions

At 30 June 2017 the Company was owed £119,000 by ADVFN plc (2016: £155,000). The Company made management charges and advertising recharges of £98,000 (2016: £85,000) to ADVFN plc for the year. ADVFN plc is related by virtue of having common directors; Michael Hodges, Clement Chambers and Jon Mullins and as the Company holds approximately 18% of the shares in ADVFN plc.

Broking services were supplied by All IPO Plc to On-line plc free of charge which is the equivalent of £23,000 (2016: £23,000) for the year; On-line plc is related to All IPO Plc, by virtue of On-line's investment in ADVFN Plc, All IPO Plc is a subsidiary of ADVFN Plc and has common directorships.

15. Events after the reporting date

On 26 October 2017 it was announced that the Board intended to change the name of the Company to On-line Blockchain Plc. This will be proposed at the Annual General Meeting on 15 December 2017. In addition, a new Nominated Advisor has been appointed; Beaumont Cornish Limited. Apart from that there are no events of significance occurring after the reporting date.

NOTES:

1. A member entitled to attend and vote at the meeting is also entitled to appoint one or more proxies to attend, speak and vote instead of him. A member may appoint more than one proxy in relation to the meeting, provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that member. The proxy need not be a member of the Company. Please refer to the notes to the Form of Proxy for further information on appointing a proxy, including how to appoint multiple proxies (as the case may be).
2. If you wish your proxy to speak on your behalf at the meeting, you will need to appoint your own choice of proxy (not the Chairman) and give your instructions directly to them. If you wish to appoint a proxy other than the Chairman of the meeting, cross out the words "the Chairman of the meeting" on the Form of Proxy and write the full name and address of your proxy on the dotted line. The change should be initialled.
3. In the absence of instructions, the person appointed proxy may vote or abstain from voting as he/she thinks fit on the specified resolutions and, unless otherwise instructed, may also vote or abstain from voting on any other matter (including amendments to resolutions) which may properly come before the meeting.
4. In the case of joint holders, the signature of any one of them will suffice but the names of all joint holders should be stated. The vote of the senior who tenders a vote (whether in person or by proxy) will be accepted to the exclusion of the votes of the other holders. For this purpose, seniority is determined by the order in which the names stand in the register of members in respect of the joint holding.
5. To be effective, the enclosed Form of Proxy must be duly completed and deposited together with any power of attorney or other authority (if any) under which it is executed (or a duly certified copy of such power or authority) and lodged at the offices of the Company's registrars, Neville Registrars Limited, Neville House, 18 Laurel Lane, Halesowen, West Midlands, B63 3DA no later than 11.00 a.m. on 13th December 2017. Please note that the pre-paid address printed on the reverse of the Form of Proxy is only for use if you are posting from within the United Kingdom.
6. Completion and return of the Form of Proxy will not preclude a shareholder from attending and voting in person at the meeting.
7. The Company, pursuant to regulation 41 of the Uncertificated Securities Regulations 2001, specifies that only those members entered on the register of members of the Company at 6 p.m. UK time on 13th December 2017 shall be entitled to attend and vote at the meeting or, if the meeting is adjourned, 6 p.m. on the day two days prior to the adjourned meeting. Changes to entries on the register of members after such time shall be disregarded in determining the right of any person to attend or vote at the meeting.

Resolution 4 – Authority to allot relevant securities

An ordinary resolution will be proposed giving the Directors authority pursuant to section 551 of the Companies Act 2006 (the “**2006 Act**”) to exercise all powers of the Company to allot shares or grant rights to subscribe for or to convert any security into shares up to a maximum aggregate nominal amount of £ 191,559 to such persons at such times and upon such terms and conditions as the Directors may determine (subject always to the articles of association of the Company). Such authority will, unless renewed, varied or revoked, expire at the conclusion of the Annual General Meeting of the Company to be held in 2018.

Resolution 5 – Authority to disapply pre-emption rights

Subject to the passing of resolution 4, a special resolution will be proposed to empower the Directors to allot equity securities pursuant to the authority conferred by resolution 4 as if the pre-emption rights set out in section 561(1) of the 2006 Act did not apply, in respect of the following matters:

(a) the allotment of equity securities in connection with an offer of such securities by way of a rights issue or other issues pro rata to existing entitlements to holders of relevant equity securities in proportion (as nearly as may be) to the respective amounts of equity securities held by them but subject to such exclusions or other arrangements as the directors may deem necessary or expedient to deal with equity securities which represent fractional entitlements or legal or practical difficulties under the laws of any territory or the requirements of any regulatory body, stock exchange or other authority in any jurisdiction; and

(b) the allotment (otherwise than pursuant to paragraph (a) above) of equity securities up to a maximum aggregate nominal amount of £ 191,559. Such authority will, unless renewed, varied or revoked, expire at the conclusion of the Annual General Meeting of the Company to be held in 2018.

Resolution 6 – Authority to change the registered company name of On-line plc

That, the registered name of the Company be changed from On-line plc to ‘Online Blockchain plc’.

Notes :

- 1. Please indicate with an "X" in the appropriate space how you wish your votes to be cast. If no indication is given your proxy will vote or abstain from voting at his discretion.
- 2. A member entitled to attend and vote is entitled to appoint a proxy to exercise all or any rights to attend, speak and vote at the meeting. A proxy need not be a member of the Company. To be valid, a form of proxy and the power of attorney or other authority (if any) under which it is signed, or a notarially certified copy of such power of authority, must arrive at the address shown above not less than 48 hours before the time appointed for the meeting or any adjournment of the meeting.
- 3. To appoint more than one proxy you may photocopy this form. Please indicate the proxy holder's name and the number of shares in relation to which they are authorised to act as your proxy (which, in aggregate, should not exceed the number of shares held by you). Please also indicate if the proxy instruction is one of multiple instructions being given.
- 4. This form of proxy, if completed by a corporation, should be executed under the common seal of that corporation or be signed by an officer or attorney duly authorised to do so, whose capacity should be stated.
- 5. A member wishing to appoint as his proxy a person other than the Chairman of the Meeting, should insert in block capitals the full name of the person of his choice where indicated, and delete the words "the Chairman of the Meeting". All alterations should be initialled.
- 6. Appointment of a proxy does not preclude you from attending the meeting and voting in person. If you have appointed a proxy and attend the meeting in person, your proxy appointment will automatically be terminated. Otherwise, in order to revoke a proxy instruction you will need to inform the Company by sending a signed hard copy notice revoking your proxy appointment to the Neville, Registrars, Neville House, 18 Laurel Lane, Halesowen, West Midlands, B63 3DA. In the case of a corporation, the revocation notice must be executed under its common seal or signed on its behalf by an officer of the company or an attorney for the company. Any power of attorney or any other authority under which the revocation notice is signed (or a duly certified copy of such power or authority) must be included with the revocation notice.
- 7. If you submit more than one valid proxy appointment but the instructions in such appointments are not compatible with each other, the appointment received last before the latest time for the receipt of proxies will take precedence.
